Stewardship Theme:

We come closer to God when we fully participate in the Mass and celebrate in the Eucharist.

This is our service back to God!

The safety of children is our first priority! As a school we have worked hard to establish parking lot options for families to keep students safe and traffic moving.

It's imperative for the safety of our students, families, and parishioners that we all follow the parking guidelines. The following information outlines the parking lot procedures we ask you to abide by. Share these guidelines with anyone responsible for drop off or pick up at STM. You must choose between the gravel lot, the timed lot on the playground or the snake line around the outer edge of the playground.

At the entrance of the driveway at the western end of campus choose one of these three places.

1) Turn left into gravel lot for "anytime—no limit parking." You park and walk to get child and then return to vehicle and drive out.

In the gravel lot you may exit at anytime and drive to exit by

going on to the playground staying on the left side of the moving car line.

2) Or turn right to choose a parking stall in "Time Zone" parking. Park and meet student at stairs, return to vehicle wait for signal to leave. Patrol gives the signal at 3:15PM.

3) To keep moving, line up along the outer edge of the parking lot. You must keep moving forward. Students will be allowed to access your vehicle at the mid-way point. Once a student is in the car, pull out to the left and continue towards the exit.

The same procedures are followed at morning drop off.

If you drive in and stay in the long moving line around the outer edge, students exit

the car at the midway point.
