

BE MERRY

POINSETTIA CARE INSTRUCTIONS:

1. Monitor soil; when soil is dry to the touch add small amount of water and discard excess water in container or saucer.

2. Prolong color; keep temperature 60-70 degrees. High humidity is preferable.

3. Protect: keep plants from cold and hot drafts.

EVERGREEN CARE INSTRUCTIONS:

1. Mist Evergreen with spray bottle if climate is dry or greens start to lose their lustre.

2. Keep out of direct sunlight and away from heating elements.
